The magic unfolds as you enter the gates of the driveway leading to this perfectly renovated antique 1899 barn-style home on almost five acres. The lush English-style gardens and capacious pond – great for skating in the winter or fishing in the summer set the stage for a comfortable relaxed open floor plan house with the most elegant of details and fine craftsmanship. The gourmet kitchen has been thoughtfully planned with all the top amenities including an Aga stove, soapstone countertops, subzero refrigerator, viking oven, custom-built center island, window seat and much more. While the heart of a house is usually the kitchen – this is its soul! The kitchen opens up to a dramatic dining/living room with cathedral ceilings and a stunning large stone fireplace surrounded by built-in wood cabinetry. Also on the first floor is a guest bedroom ensuite and a separate bedroom with guest kitchen, loft and bath. The family room overlooks the pond and the beautiful staircase leads you to the second floor where the master bedroom with fireplace and stunning master bath awaits you. All systems have been updated including new windows, electrical, roof and so much more. You will arrive and never want to leave this house!
